The Power of You(th)

The Power of You(th) program provides research-based information for youth on the dangers of underage drinking and other drug use. This program will help prepare you with the tools to resist peer pressure and empower you to take the next step and influence your friends to make the right choice because your future is determined by the decisions you make today.

Please join us for the Power of You(th) Program, followed by an interactive experience facilitated by the Manchester Change Collaborative. Pizza will be served!
